

AURELIUS

Creating operational value

About AURELIUS

AURELIUS is a global alternative investor distinguished and widely recognised for its operational approach. Its focus on Private Equity, Private Debt and Real Estate comprises the investment platforms AURELIUS European Opportunities IV, AUR Portfolio III and AURELIUS Growth (Wachstumskapital). AURELIUS has been growing significantly in recent years, in particular expanding its global footprint, and today employs more than 390 professionals in 10 offices spanning Europe and North America.

To date, AURELIUS has completed more than 300 transactions, and has built a strong track record of delivering attractive returns to its investors. Its approach is characterised by its uncompromising focus on operational excellence and an unrivalled ability to efficiently execute highly complex transactions.

Creating operational value

AURELIUS aims to create value by supporting its portfolio companies with an operational approach to drive growth. To help the companies' management in enhancing their operating performance through operational transformation, specialists of the AURELIUS Operations Advisory are made available to support the management teams. The specialists' expertise has proven vital to success in complex situations such as carve-outs or add-on acquisitions as the resource it brings reduces the complexity typically involved.

Numbers shown are the total numbers for all AURELIUS entities and across all global offices.
